PROFILE

A nurse turned into a passionate software engineer with almost 3 years of experience in full-stack Java development. Top 1 out of 16 IT and engineering graduates in Java bootcamp. Solved a critical bug for 3 days that took dev leads several weeks but was still left unsolved. Identified 4 critical bugs after QA testers finished testing the application. Proficient with Java, Spring, Front-End frameworks, SQL, JMeter, Salesforce and RPA. Communication, Collaboration, Critical Thinking, and Project Management skills were further enhanced by 4 years of experience in customer service. Interested in Algorithms, Clean Code, AI and Machine Learning.
