

Rodjel Rowel Cuebillas

Full Stack Java Developer

Dynamic professional with over 7 years of diverse experience in the IT industry, successfully transitioning from a nursing background to a passionate career in software engineering. Recognized as a catalyst for change and innovation, having utilized coding skills in Excel even before entering the software engineering field. Demonstrated enthusiasm for staying up-to-date with state-of-the-art technologies and emerging trends. A collaborative team player, adept at navigating diverse personalities while excelling in independent tasks. Proficient in full stack Java development, leveraging strong technical expertise and a deep understanding of user requirements. Demonstrated ability to quickly learn new technologies and methodologies, as exemplified by graduating as the top-ranked candidate among 16 boot campers. Seeking opportunities to leverage my diverse background and passion for delivering high-quality software solutions to contribute to a dynamic development team.
